

**CRYSTAL CITY PLANNING PROCESS**  
**COUNTY BOARD and TASK FORCE WORK SESSION**  
**September 17, 2007**  
**5:00 – 7:00 pm**

- A. Opening (Paul Ferguson, Chairman of the County Board/  
Jay Fiset, County Board Member/  
Marty Almquist, Crystal City Task Force Chair) (5 min)
- B. Background and Context (Anthony Fusarelli, CPHD) (5 min)
- C. Presentation of the Vision Statement, Goals and Objectives (45 min)  
(Terry Savela, Crystal City Task Force Vice-Chair)

Vision Statement

- Goal 1. Public Realm/Sense of Place
- Goal 2. Mixed Uses/Neighborhood Centers
- Goal 3. Human Scale Architecture/Urban Design
- Goal 4. Enhance Multimodal Access and Connectivity
- Goal 5. Sustainable Development
- Goal 6. Protect Single-Family Neighborhoods
- Goal 7. Economic Sustainability

- D. Goals and Objectives – Resolving Areas of Disagreement (45 min)  
(Marty Almquist)

Goal #1: What should be the baseline for comparing existing and planned public open space? Is the current plan approach\* correct?

*\*This concept plan defines public open space as clearly universally accessible outdoor space that is either publicly or privately owned. It does not include open space conditions that lack a clear definition of public or private (such as landscaped setbacks and buffers, residual open space, plinths, etc.).*

Goal #6: Should the objective under this goal clearly say: “insure no new roads for auto cut thru traffic from Route 1 to Eads Street” or “avoid opportunities for cut thru traffic” into adjacent single family neighborhoods?

- E. Product Outline/Draft Schedule (Anthony Fusarelli) (10 min)
- F. Closing (County Board Members) (10 min)
